## Summary

React JS Developer with 1.5+ years of experience in building responsive web applications. Proficient in JavaScript, React, Redux, and API integration, with a strong focus on creating user-friendly interfaces. Skilled in collaborating within agile teams to deliver high-quality solutions. Seeking opportunities to contribute and grow in a dynamic organization.

## Education

**PMAS Arid Agriculture University Rawalpindi**, BS in Computer Science          Oct 2017 – Aug 2021
- CGPA: 2.91/4.0

## Work Experience

**Software Engineer**, Txlabz – Gulberg III, Lahore          May 2023 – Present

**Projects:**

- **Mentority:** An online mentorship platform connecting mentors and mentees. Responsible for developing user-friendly interfaces and ensuring smooth navigation across the platform.
- **WheelEasy:** A comprehensive accessibility guide helping people with disabilities find accessible places. Created multiple UI pages from Figma designs and integrated Google Maps, Google Authentication, and Facebook Authentication for enhanced user experience.
- **Appreci:** A social appreciation platform where users can send and receive appreciation notes. Worked on designing UI components and integrating necessary APIs for efficient data handling.
- **Arbo:** As a developer for the Arbo project, I contributed to building a platform that connects homeowners seeking to maximize their long-term rental income with short-term rental operators. My role involved implementing features that facilitate profitable and efficient rental agreements, enhancing the platform's functionality and user experience.

**MERN Stack Intern**, Contour Software – Gulberg III, Lahore          Jan 2023 – April 2023
- Demonstrated creativity and resourcefulness through the development of innovative solutions.
- Learned and adapted quickly to new technology and software applications.
- Proven ability to learn quickly and adapt to new situations.

## Skills

**Languages:** JavaScript, HTML, CSS, SASS, OOP

**Frameworks/Libraries:** React JS, Redux, Bootstrap, Tailwind CSS, MUI

**Tools/Technologies:** GJIRA, Git, Webpack, Babel, NPM, VITE, Figma, Firebase, RESTful APIs

**Technical Skills:** Good Communication, Problem Solving, Team Collaboration
